In testament to the high quality of ColorKlad® and AlumaKlad™, a 30-year written warranty is available upon request, for qualifying applications. Available at no charge, this warranty covers peeling, color fade, chalking and paint integrity. Reference actual warranty for details and conditions. Check suitability of use in potentially corrosive atmospheres.

AlumaKlad  ColorKlad™

PPG Coatings Protected

RYERSON

ColorKlad® — available in a premium cool coating from PPG called DURANAR® ULTRA-Cool® — is the field-proven, time-tested leader in metal roofing. ColorKlad is made of PPG's DURANAR coating containing 70% Kynar 500® or Hylar 5000® resin over a high-quality primer, permanently bonded to commercial quality, extra smooth G90 galvanized steel or AZ50 Galvalume® sheet or coil.

AlumaKlad™ — available in a premium cool coating from PPG called DURANAR ULTRA-Cool — maintains design integrity and attractive appearance when design, climatic and/or atmospheric conditions call for aluminum. AlumaKlad is made of PPG's DURANAR coating containing 70% Kynar 500® or Hylar 5000® resin over a high-quality primer, permanently bonded to 3105-H24 aluminum sheet or coil.

BASIC USES

ColorKlad and AlumaKlad are designed for use in building applications, such as roofing, fascia panels, gravel stops, copings, storefronts, flashings and special effects.

COLORS AND FINISHES

ColorKlad is stocked in the 30 colors shown on this card. AlumaKlad is stocked in the 20 colors shown in the table to the right; it is available in the additional colors displayed on the reverse side, only upon request. Custom colors are available with minimum orders. Our carefully chosen colors ensure the compatibility of ColorKlad and AlumaKlad with concrete, brick, steel, curtain wall systems and wood. When a stucco-embossed effect is desired, textured ColorKlad also is available in standard and custom colors.

SIZES AND GAUGES

ColorKlad is stocked in 48-inch widths (standard); other widths — from 36 to 60 inches — are available upon request. ColorKlad is available in standard or custom lengths up to 144 inches; longer lengths are available on special orders. ColorKlad is stocked in 24 gauge, with other gauges — such as 20, 22 and 26 — available upon request.

AlumaKlad is stocked in 48-inch widths, and is available in standard or custom lengths up to 144 inches; longer lengths available on special orders. AlumaKlad is stocked in a number of gauge sizes (see table).
